

REMARKS

I hereby state that the amendments included in the substitute Sequence Listing are supported in the application, as filed. The basis for the amendment to SEQ ID NO:12 is SEQ ID NO:11, which encodes SEQ ID NO:12, and the specification, page 4, lines 12-16, which states that SEQ ID NO:11 encodes "an entire soybean cyclin delta-1 protein". A partial amino acid sequence for the soybean delta-1 protein encoded by SEQ ID NO:11, lacking 12 amino acids at the amino-terminus, was mistakenly used for SEQ ID NO:12 in the Sequence Listing filed in the parent application, U.S. Application No. 09/665,308, filed September 19, 2000. The currently amended SEQ ID NO:12 is encoded by nucleotides 131-1186 of SEQ ID NO:11, which includes the start methionine and the stop codon. SEQ ID NO:11 is a contig assembled from the soybean cDNA clones sah1c.pk003.i7 and sr1.pk0001.g5. A partial nucleic acid sequence of clone sr1.pk0001.g5 was previously presented as SEQ ID NO:15 of U.S. Provisional Application No. 60/078,948, filed March 23, 1998, to which this application claims priority. Additionally, SEQ ID NO:16 of U.S. Provisional Application 60/078,948 is a partial amino acid sequence encoded by SEQ ID NO:15 of the provisional. Ten of the twelve additional N-terminal amino acids in the currently amended SEQ ID NO:12 come from the clone sah1c.pk003.i7. The eleventh and twelfth amino acids, LL, as well as the rest of SEQ ID NO:12, are encoded by the clone sr1.pk0001.g5. The eleventh and twelfth amino acids, LL, are not present in the version of SEQ ID NO:12 filed in the parent application, U.S. Application No. 09/665,308, filed September 19, 2000; however, these two amino acids are present in SEQ ID NO:16 of the U.S. Provisional Application No. 60/078,948, filed March 23, 1998, to which this application claims priority.

Thus, the substitute Sequence Listing does not include new matter.

A copy of the substitute Sequence Listing in computer readable form, along with the required Statement under 37 C.F.R. 1.825(a) and 1.825(b), are filed simultaneously herewith.

Please charge any necessary fee to Deposit Account 04-1928
(E. I. du Pont de Nemours and Company).

In view of the foregoing, allowance of the above-referenced application is respectfully requested.

Respectfully submitted,
